The Sharia judiciary center of  
Ansar Al-Sharia in the Wilayah of Abyan

Some of the regions controlled by Ansar Al-Sharia have witnessed sentences from the honorable Islamic Sharia. These cases were before the courts of the Ali Saleh regime for many years. There was a case of debt estimated to be (50000 Saudi Riyals) from 1965. Those involved had endured bitterness and were moving between courts of the Ali Saleh regime along with the sheikhs of the tribes and elders to find a resolution. They did not find a solution to their case until they presented the case before Ansar Al-Sharia. The court then gathered the opponents and ruled between them in only three sessions. The debt was fully returned its owners. The Ansar Al-Sharia also returned another debt estimated 95000 Yemeni Riyals to the owner of the debt in the Wilayah of Shabwa. This was a model for old barbed cases which owners find a quick just solution in the Sharia of Al-Rahman on the hands of Ansar Al-Sharia.

'Madad' met a Sharia judge in the Wilayah of Shabwa who said:  
"In only 36 days more than 76 cases were presented before the courts. There was reconciliation in 56 of the cases and rulings in 19 of them. Most of the cases had passed through the courts of the former regime for many years. They were in the corridors of their courts without being given a date for ruling. They gained from it financial earnings and there were even five or six cases there for more than a decade. Alhamdulillah it was solved in less than one month."

He added: "If the people are pleased to be ruled by the Sharia of Allah Almighty then they have won with success of the Dunya and hereafter and this is the order of Allah Almighty and it's an obligation on the Muslims to be ruled by the Sharia. Allah Almighty says: (But no! by your Lord! they do not believe (in reality) until they make you a judge of that which has become a matter of disagreement among them, and then do not find any straightness in their hearts as to what you have decided and submit with entire submission) 65 Surah An-Nisa'.

The city of Jaar also witnessed the solving of many cases. Among them was a case of assault in which one person was fired on leading to the breaking of his leg bone. The judge of the city ruled for an Arsh (compensation) estimated 10 camels or its substitute from the money.

There was also a dispute that was solved between bus drivers and parking officials regarding the imposition of taxes on bus drivers. There was a judgment reached between them for the official to take a certain amount of money in return for arranging the cars and service of the parking. The taxes and tolls were lifted because they violate the Islamic Sharia.
